

Rental pantry planner

Choose one change. Review it after an ordinary grocery shop.

Location / date

Category to improve

What is difficult now?

No-purchase change to try first

A sample zone map

Illustrative only - adapt to reach, shelf ratings, and your supplies.

Occasional supplies	BACKSTOCK
Daily packet bin	Short cooking jars
Heavier supplies within comfortable reach	

Door storage is optional. Confirm the exact rack, door, mounting, and loaded closure before using it.

Your chosen solution

Organizer / exact model

Permission / response, if needed

Usable space / loaded weight

Exact product requirements / source

Installation and removal instructions saved at

Set a stock boundary

For matching packs: remaining + incoming = after purchase.

Remaining	Incoming	After purchase	Planned capacity
-----------	----------	----------------	------------------

Mixed sizes: use an actual package layout. Counts alone do not establish fit.

After restocking: [] Keep [] Adjust [] Remove

What changed / what still gets in the way?

Move-out: what to remove, restore, or keep with its fittings?

Planning aid, not a fit or safety certification. Follow product instructions, surface and load limits, and required furniture anchoring.
